# Wall Cladding

Interlock Cladding

## Interlock Cladding

### **There are many reasons why Stratco's Interlock Cladding is specified.**

Flexibility in design allows Interlock Cladding to be documented with variable cover widths for ease of installation or contrasting appearance.

Suitable for both horizontal and vertical installation the 25mm deep panel has the ability to wrap around curved walls and be transitioned around corners.

See for yourself what all the fuss is about.

**Features at a glance:**

- Variable cover 185mm - 350mm
- Material Thickness 0.55 BMT
- Stop End for additional strength
- Retention Clip for High Wind applications
- Wide range of colours and finishes
- Available in Colorbond® Standard, Matt Finish, Ultra, Metallic and Colorbond® Studio
