

Opening Roof Systems

Made in Australia, Stratco's Opening Roof Systems provide you the flexibility to include an opening roof into a new or existing framework. This 'drop in' ability allows you to transform outdoor spaces to create a better living environment.

Features and benefits include:

- Diverse louvre powder coated range — select from DULUX and COLORBOND® colour range.
- Bespoke aluminium one piece extruded Louvre design with option LED lighting.
- Excellent water carrying capacity.
- Multiple banks up to 24m2 per bank.
- Up to 3900mm directional blade span.
- Powerful 600-2500 N Link LA25 acuator motor.
- Individual unit orientation with 160° opening blades.
- C-bus compatibility.
- Manual crank drive option.
- Rain and frost sensors to close blades.
- Engineered and manufactured in Victoria.
