

ARCHITECTURAL
SOLUTIONS

Control the space with

Stratco Opening Roof Systems

Transform outdoor spaces with louvres.

Stratco Architectural Solutions provides the opportunity to transform spaces — with maximum flexibility.

Drop in louvre ‘banks’ into an existing frame or within a Stratco Patio System, no matter the roof type.

Features and benefits:

- Bespoke aluminium one-piece extruded louvre design
- Exclusive to Stratco: Optional LED Lighting — built within the blades
- Multiple banks up to 24m² per bank
- Up to 3900mm directional blade span
- Individual unit orientation with 160 degree opening blades
- Remote control option with LED dimming functions; WiFi or Bluetooth with phone app

Upgrade your LED lighting options.

Exclusive to Stratco is the exclusive lighting system that is housed WITHIN the blade at the time of manufacture.

Style and function in one.
